**PRESS RELEASE ON "CASE OF THE BULGARIAN
NURS"**

Le Conseil national du sida is moved as an authority by opinion and council near the public authorities Frenchwoman by the confirmation by the death sentence by looking after Bulgarian and Palestinian.

About fifteen days before the verdict of the second lawsuit of December 2006, the British review Nature published an expertise which showed, starting from an analysis of the genome of the HIV and virus of hepatitis C, which the virus was former to the arrival of the medical personnel Bulgare and Palestinian. Whereas very many international scientific authorities, 114 prizes winner of the Nobel Prize and recently of the professionals of French health protested against this judgement without base, Le Conseil national du sida requests the public authorities of our country for an intervention with the height of the urgency of the situation.
